Organization

Harbor Pines Golf Club is an award-winning, upscale, high-end, and daily fee golf and banquet facility located in Atlantic County, New Jersey, just minutes from the beaches of Atlantic City and Ocean City and outside Philadelphia.

The property, 650 acres, was acquired over many years in the 80s and 90s by the Gurwicz family who have been real estate developers in South Jersey for over 70 years. Expanding its projects and home communities and taking advantage of the trend at the time to build golf course communities, The Gurwicz Organization designed the Community of Harbor Pines & Estates complete with an 18-hole championship golf course.

The exceptional 18-hole course caters to golfers of all skill levels. Designed by renowned golf course architect Stephen Kay in 1996, the course boasts subtle and breaking greens, challenging even the most experienced players. The course's wide and open fairways meander through a stunning natural landscape, featuring 17 acres of water and 520 acres of forestry and certified as a National Audubon Sanctuary. With a par of 72 and a total length of 6827 yards, Harbor Pines Golf Club provides a well-rounded golfing experience, whether you're seeking a challenging round or a leisurely game of golf.

The course and homes were designed at the same time and aimed to maximize the number of lots with views of the golf course and nature. The final design created a unique layout where the homes are lined on one side by the course with woods behind. With the golf running around the outside of the homes, there is only one area where there are parallel holes (1,9 & 18). The rest is a unique "linked up" style parkland course.

Harbor Pines Golf Club celebrated its 25th anniversary in 2022 and used the milestone to evolve with the times, announcing a three-part expansion plan. Stage one of the expansion was to build a new state-of-the-art pro shop, which was completed in 2022. Stocked with the latest clothing and

equipment trends, the Pro Shop, like the course and Club is open to the public with experts on hand to guide your purchases.

The new Pro Shop opened the space needed for stage two, a dedicated bar and restaurant with an independent kitchen and a deck overlooking the 1st and 18th holes. Over time, it became apparent that the Club needed an additional dedicated venue for daily food and beverage, in addition to the banquet and event space, situated in a way that took advantage of the amazing views at Harbor Pines. With that, The Roost Pub & Grill, a modern Gastropub with a great vibe that includes 2500 square feet of indoor space and 2000 square feet of outdoor seating, opened in May 2023. With its exposed brick and beams, thick butcher block tabletops, and a leathered granite bar top, the indoor space can be characterized as an “industrial farmhouse.” The outside space features both high and low-top dining under umbrellas, comfy lounge seating, and Adirondack chairs by the fire pit, providing that perfect laid-back spot for enjoying food, friends, and amazing sunsets over the golf course.

The final stage of the Harbor Pines Golf Club expansion was to update the banquet facility, which was finished earlier this year. The existing ballroom was completely redone, enlarged, and modernized, capitalizing on its prime location and unbeatable views. The fully renovated clubhouse offers multiple event areas including:

- The Sun Room is enclosed with expansive windows that allow guests to enjoy the manicured golf course and blue lake.
- The St. Andrews Room features a timeless and elegant ambiance with a sophisticated style.
- The Pines Room is for more intimate affairs and meetings that prefer a traditional banquet setting.
- The ownership believes that there is a tremendous opportunity to grow the banquet and wedding business at the Club and is an intricate part of the new General Manager's responsibilities.
